Web Sites

[KidsHealth: What You Need to Know About Drugs](#)

Students are curious about drugs and this is a simple site that delves into what they need to know: what drugs are good and what drugs are harmful, what are illegal drugs, like heroin and marijuana, and why are they illegal. The authors also explain why people may use these drugs and how to tell if someone is using them. The site includes a short glossary and is available in Spanish as well as English.

[New Bedtime feature in the Clock app](#)

If you have trouble getting up in the morning, Bedtime is a new tab in the Clock app that will encourage you to get a better night's sleep. You can choose at what time you want to wake up and pick how many hours of sleep you need to get a bedtime reminder. The feature then keeps track of your sleep activity so that you can be consistent and develop a fulfilling sleep schedule.

Hints/Tips

Launching the Camera won't stop the music

It may sound silly, but before iOS 10 it was impossible to take photos during a dance party because launching the Camera would automatically pause whatever audio was playing. So now, the music won't abruptly stop when you want to take a picture or video. Party selfies and recording lip sync battles has never been this easy.

Riddles You Can Tell in Class
